Why HP Color LaserJet All-in-Ones? Save time and cost

Print

- **Instant-on Technology**
 - Reduced waiting time
 - First page out
 - 18 seconds¹ (black and white)
 - 29 seconds¹ (colour)
- **High print speed**
 - Up to 19 ppm¹, A4 (black and white)
 - Up to 20 ppm¹, letter (black and white)
 - Up to 4 ppm¹ (colour)
- **Colour laser with ImageRet 2400**
 - Exceptional-quality colour output
- **Up to 50-sheet automatic document feeder**
 - Unattended printing, copying, scanning and faxing²
- **LED screen**
 - Friendly user interface; displays helpful device status and configuration messages
- **125 input multipurpose tray and optional 250-sheet second tray (standard with HP Color LaserJet 2840)**
 - Spend less time replenishing paper
- **96 MB RAM (standard); 264 MHz processor**
 - Perform complex tasks quickly
- **Fully compatible colour driver and separate black and white printer driver**
 - Full capability colour print drivers
 - The convenience of a black and white only print driver to allow users to have fast access to fast, high-quality, monochrome printing.
 - Business owners & administrators can manage access to colour printing
- **Automatic language switching** (HP PCL 6, HP postscript level 3 emulation)
 - Ensures appropriate printer language is used for each job

Instant-on Technology

Why wait?

- Faster total print job time
- Faster first page out
- More energy efficient

Up to FastRes 1200

600 x 600 dpi with ImageREt 2400

HP technologies enhance your prints

Intuitive control panel for easy control

Less user intervention with 50-sheet Automatic Feeder

33.6 kbps Super G3 fax modem

High-performance fax capability

Scan

- **Up to 1200 dpi optical and 19,200 enhanced dpi flatbed CCD scanner**
 - For high quality scans over USB or network connection
- **Scan to email, PC desktop, PC folder or network folder**
 - Fast, simple and reliable way to capture paper-based documents in digital format
- **HP scanning software**
 - Scan to application, multi-photo scan with auto-detection of individual images, intelligent scanning to recognise the difference between text, lines and images

Flatbed scanner allows you to scan bounded materials like books

Digital imaging³

- **Supports different types of memory cards**
 - Direct photo printing, archiving or easy integration into business documents
- **HP Image Zone software for Windows**
 - View, edit, share and integrate images into documents easily
- **You can**
 - Insert card and transfer images or files to or from supported PCs and Macs over USB or network connection
 - Disable direct photo printing capability and photo memory card access
 - Or only disable the memory card access and continue to provide the direct photo printing capability
 - Protect setting with a password through the device's HP Embedded Web Server or HP Toolbox Software

Digital photo memory slots

Incorporate pictures and photos into documents easily

Create professional marketing materials easily

High quality marketing materials, in-house

Networking & connectivity

- **Built-in HP JetDirect 10/100 Fast Ethernet wired networking**
 - Reduces the time and complexity of networked device installation and configuration.
- **Hi-speed USB 2.0 port**
 - Easy direct connection
- **HP Toolbox and HP Embedded Web Server**
 - Manage device remotely over a network. Configure settings, receive alerts, check status and control network and memory card slot access
- **HP Web Jetadmin**
 - Install, configure and manage multiple networked devices easily via HP Web Jetadmin, which is available for free download

Multitasking

Multitasking for productivity

Edit and incorporate images into business documents in 4 steps—HP Image Zone software

HP SMART printing technology

- **Replace toner cartridges easily**
 - Install cartridges using just two fingers, while the imaging drum can be installed with one hand
- **The complete printing system**
 - Designed to work together; precise matching of toner, cartridge and printer components and colour software

Easy and quick cartridge replacement

¹ Exact speed depends on system configuration, software programs and document complexity.

² Receive Fax to PC capability via USB connection only available for Windows 2000 and XP.

³ Standard with the HP Color LaserJet 2840 All-in-One.

Dimensions (w x d x h)	497 x 532 x 523 mm (19.6 x 20.9 x 20.6 inches)	497 x 532 x 573 mm (19.6 x 20.9 x 22.4 inches)
Weight	Device: 31.6 kg (69.6 lb); As packaged approximately 36.8 kg (89 lb)	Device: 34.2 kg (75.3 lb); As packaged approximately 40.5 kg (95 lb)
Environmental ranges		
Operating temperature	15 to 32.5° C (59 to 90.5° F)	
Storage temperature	-20 to 40° C (-4 to 104° F)	
Relative humidity	20 to 70 percent RH, non-condensing	
Max operating altitude	3048 m (10,000 ft)	
Acoustic power emissions	Active: 6.6 B(A); Standby: not audible	
Power specifications⁷	Energy Star [®] compliant	
Input requirements	110 to 127 VAC (+/- 10%), 50/60 Hz (+/- 3 Hz); 220 to 240 VAC (+/- 10%), 50/60 Hz (+/- 3 Hz)	
Consumption	Active: 398 watts; Ready: 26 watts; Sleep: 20 watts; Off: 0 watts	
Warranty	One-year limited hardware onsite HP warranty, telephone and Web support (varies according to region)	

¹ Exact speed varies depending on the system configuration, software application, driver, and document complexity.
² The product was designed for personal and small business usage. For all network scanning and faxing for more than a small number of network users, customers should purchase the HP LaserJet 4100 mfp series or larger products.
³ Fax send software for supported Windows XP and 2000 based systems and Mac OS 9.2.2, 10.2.8, 10.3.x based systems; Receive Fax to PC capability via USB connection only available for Windows 2000 and XP.
⁴ Based on ITUT standard test image #1 at standard resolution. More complicated pages or higher resolution will take longer and use more memory.
⁵ Memory card support for storage capacities up to 2 GB; Direct Photo Printing capability for .jpg image files.
⁶ Papers featuring coatings and finishes designed specifically for use in ink printing devices are not compatible.
⁷ Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty.
